

Calculus II

MAT 206 – Wesleyan College Syllabus Summer 2022, July 18 - August 19

Professor Contact Information

Professor: TBA

Office Hours:by appointment
Contact Information: TBA

Text/ISBN: M. Weir and J. Hass, Thoma' Calculus: Early Transcendentals, 12th edition, Addison-

Wesley, (Pearson,)Reading, MA. ISBN: 978-0-321-58876-0

Policies and Procedures

Course Goals

Techniques of integration, applications of integration, sequences and series, power series and Taylor series, parametric equations and polar coordinates.

Prerequisites

MAT 205 Calculus I or equivalent

Credit Hours

3

Participation and Grading

Your grade in this course will be determined by your performance in the following categories:

Assignments	Percentage
Quizzes	15 %
Homework	25 %
Midterm Exam	30 %
Final Exam	30%
Total	100%

Grading Scale:

The grading scale in the class will be as follows:

A=90-100%

B=80-89%

C=70-79%

D=60-69%

F=59% And Below

You may track your running point total throughout the term via our course site. Please be aware, however, that the course grade you see in the site will reflect only assignments and activities you have already completed and that your professor has graded.

Academic Integrity

Wesleyan's College expects student to show integrity in all of their work. Cheating, plagiarism, unauthorized collaboration, inventing or falsifying information, turning in work for more than one class without authorization, or helping someone else are all violations of the Honor Code and are not tolerated. Any of these forms of cheating will not be tolerated and will be grounds for a grade of zero on the exam or assignment and a grade of F for the course, in addition to any penalties imposed by the Provost.

Potential Changes to Course Schedule

The following week-to-week schedule is a general plan for the course. Deviations may be necessary and will be announced in advance via announcement and/or e-mail. Students should check their course site announcements and emails at least once every twenty-four hours throughout the term to watch for updates regarding this course.

Course Schedule

Week 1

Indeterminate forms and L'Hopital Rule Review of Basic Integration Review of substitution Inverse Trigonometric Functions: derivatives Inverse Trigonometric Functions: integration Integration by parts Trigonometric Integrals Trigonometric Substitution

Week 2

Partial Fractions Numerical Integration

Improper Integrals
Area Between Curves
Volumes of Rotation: Disk Method and Shell Method
Arc Length
Work

Week 3

Center of Mass Sequences Series and Convergence Integral Test and p-Series Comparison Test of Series

Week 4

Alternating Series
Ratio Test
Power Series
Representation of Functions by Power Series
Taylor and Maclaurin Series
Plane Curves and Parametric Equations

Week 5

Parametric Equations and Calculus Polar Coordinates and Graphs Area and Arc Length in Polar Coordinates

Civility in the Academic Community

Students, faculty, and staff are expected to treat one another with respect in all interactions both during class meetings and on the Moodle course site. Rude, disruptive and/or disrespectful behaviors as determined by a faculty member interfere with other students' rights and with the professor's ability to teach. Therefore, any student exhibiting unacceptable behaviors during a class meeting or Moodle collaborative activity will be asked to leave and will be counted absent for that class period or activity. Failure to cooperate with this process will result in disciplinary action that may include withdrawal from the class or dismissal from the College. Violations will be reported to the Provost.

Disabilities Statement

Wesleyan College is committed to equal education, full participation and access to facilities for all students. Any student who requires reasonable academic accommodations, use of auxiliary aids or facility access for a class must first register with Disability Resources by contacting Jill Amos, Director of Disability and Advocacy Services, <u>jamos@wesleyancollege.edu</u> or (478) 757-5219. If reasonable accommodations are established, students should request Accommodation Letters from Disability

Resources then schedule an appointment to meet with the professor to determine how the accommodations will be implemented for each class as early in the semester as possible. Accommodations require advance notice to implement and will not be retroactively administered for the semester. Accommodations that decrease the integrity of a course will not be approved.

Privacy in Teaching & Learning Spaces

In order to promote an environment in which ideas may be freely expressed, the interior offices; inperson and virtual classrooms; and Moodle course sites at Wesleyan are private spaces. The unauthorized creation of photographic images, audio recordings, or video recordings of students or faculty in these spaces is considered to be disruptive behavior which may result in a student's removal from class according to the professor's discretion. The distribution of unauthorized images or recordings, or of class meeting recordings shared by a professor for instructional purposes, without the express written permission of the College is strictly prohibited and is subject to disciplinary action by the Provost of the College.
