Important Meeting For All Wall Members

Greetings,

As we wrap up our third year of classes, there is one more event on May 12th that you will want to attend. On that date we will hold our annual General Membership meeting for the election of officers followed by a talk by Scott Greenwald entitled, The Retina and Age Related Macular Degeneration. The talk will be geared to the layman and will contain information that will be of interest to all of us. The General Meeting for the election of officers will be held in Taylor Amphitheatre and will begin at 10:30 AM. The talk will follow at 11:00 AM.

For those attending the General Meeting and the talk, registration forms and a description of the courses to be presented during the fall semester of 2014 will be available. (a preview copy is available on page 2 of this month's newsletter) The registration forms can be mailed along with your check or credit card information to Lindsay Timms, our WALL coordinator.

You cannot register by phone. **This is your opportunity to register before registration opens to the general public on June 2nd.**

Important Announcement:

As you are no doubt aware, several of our classes have limited enrollment. This results either from an equipment limitation, such as in the computer and science laboratory classes, or by the preference of the instructor who wishes to provide individual attention to class members, such as in some of the Decorating and the Genealogy classes. Many of the classes with limited enrollment have a Wait List in the event an enrolled member is unable to attend the class and notifies Lindsay Timms, our WALL Coordinator (478-757-2068), who then notifies the next person on the Wait List.

At the recent April Curriculum Committee meeting it was pointed out that several of these limited enrollment classes have been poorly attended and the “no shows” have failed to notify Lindsay of their inability to attend. This is unfair to our members on the Wait List and in order to address this problem, an attendance sheet will be provided in the future for all such classes. ***A member who fails to attend all sessions of a limited enrollment class and wishes to enroll in a limited enrollment class the following semester will be placed on the Wait List and will only be registered if an opening exists at the end of the registration period.***
